June 3, 2005

Dear Candidate:

Please read this letter carefully as it contains explanatory information of your next appointment in the examination process.

The next phase of the process will be an assessment of candidates physical abilities. The District will use the Candidate Physical Ability Test (CPAT), developed by the International Association of Firefighters and the International Association of Fire Chiefs to assist in this evaluation. This is a structured test process designed to evaluate whether candidates possess the minimum level of fitness to enter training for the demanding occupation of Firefighter.

The CPAT Exam will be conducted at McClellan Park, formerly McClellan AFB, 2409 Dean Street, in building 686. Please see the attached map. **Your CPAT appointment (date and time) is listed below next to your Panel Oral Interview status.**

Please be prepared to spend approximately three (3) hours at the CPAT. To participate in this physical ability test, you must wear comfortable clothes with the following requirements: Long pants and non-slip shoes are required. Open toe shoes will not be allowed. Candidates that appear without the appropriate attire will not be allowed to participate in the orientation events. No other exam times will be available.

On the day of the CPAT examination, you must arrive at the test site no more than fifteen (15) minutes before your appointed time. Candidates must wear the appropriate attire as previously specified above. Candidates that appear without the appropriate attire will be deemed to have failed to complete the testing process. After check-in, you will be given an opportunity to participate in a warm-up and stretching period. You will then be given instructions regarding the test procedure before entering the testing area. After you have completed your test, you will be sent to a cool down area where your vitals will be taken and further information will be given before your release from the test site.

Please remember that an important part of the overall testing process is your ability to follow instructions. Do not contact a District station, training personnel, or District Administration regarding this testing procedure. If you do not plan to continue with the testing process, please contact the Human Resources Division at 916-566-4433. We wish to thank you for your interest in becoming a part of our team and hope that you find this process a valuable first step in a long and healthy fire career.

CPAT Exam results will be posted on our website by the close of business on **Monday, June 20, 2005**, as well as at our administration building for those of you who do not have access to a computer.

**EMT/Paramedic Cert \***

**Yes: Valid EMT or Paramedic certification on file.**

**No: No EMT or Paramedic certification on file OR the certification on file has expired.** If you are enrolled in a summer EMT class, you will need to provide verification of your enrollment. The verification (i.e. letter from the institution or instructor or course registration) must include your name, name of agency, class taking, and the semester enrolled.

Please submit your documents by 5PM, on June 19, 2005 to:
